

02-816F Glass Grip - Flat Surface Mount (Accepts 1/4" to 3/8" Glass) - Clear Coat Brass

The 02-816F radius glass grip is made of brass, has a polished and clear coat (lacquer) finish, a flat back for mounting on flat surfaces and comes with a rubber insert set designed to hold 1/4" - 3/8" thick panels.

Mount to a flat surface (ex. square post or wall) with a screw that will fit through the hole and is appropriate for the material it is being mounted on.

Material Care: Clean with a non-abrasive metal cleaner. Apply with a soft, damp cloth.

Note: when working with tempered glass panels, holes must be drilled prior to tempering.

Consult local building codes for rail height, wall offset and other requirements.
