

00-520/2 Polished Brass Streamlined Bracket 2" OD

00-520/2 is a wall mount handrail bracket in polished brass and has a ring as a saddle to secure 2" round tube in place. It is ideal for level and stair applications. It can be mounted horizontally at a landing or at the end of a ramp. It can also be mounted at an angle for stair or ramp applications. Each bracket includes two self-drilling screws used to connect to the handrail and three wood screws used for mounting to the wall. Mount the bracket to a stud in the wall.

Maximum center-to-center bracket spacing is 4 feet.

Use with 2" OD brass tube (item# 00-A120) or 2" clear acrylic rod (item# 80-R120).

Consult local building codes for rail height, wall offset and other requirements.
