

**KK55-7** Obtuse Angle Elbow Galvanized Steel 1-1/4" IPS (1.72" ID)

The KK55 is an ideal fitting to use as an alternative to bending, or when a junction between a sloping pipe and an end post is required - i.e., guardrailing and staircases.

| Part | Weight    | A | D        | E        |
|------|-----------|---|----------|----------|
| 55-6 | 1.12 lbs. | 6 | 1.81 in. | 4.57 in. |
| 55-7 | 1.78 lbs. | 7 | 2.17 in. | 6.06 in. |
| 55-8 | 1.87 lbs. | 8 | 2.36 in. | 6.02 in. |
