

**49-U424/42/F Undrilled Stainless Steel 316 Post. Tubing Size 1.67" OD (0.08" Wall) Height 42". Comes with Welded Flange and Canopy Cover Included. No Saddle.**

This newell post comes with a flange (49-541/424) welded to tube (A114) and also includes a flange canopy/escution cover (49-540/424).

Tube cut length is 38.5 inches and is designed so that a final height of 42 inches or more results when placing the following saddles and A114 tube on top.

49-352/424

49-352A/424

49-352L/424

49-821/424

Saddles can be attached using Lido Weld (LB-00201) or by welding on-site.

Order tube cutter GT126 separately when needing to cut the post shorter.
