

A-JTB8 Adjust-A-Body with Threaded Bolt Tensioner Stainless Steel 316 For 1/4" Cable. (For metal posts)

Used on straight runs, this tensioner screws into a drilled and tapped hole in your metal post. Here is a real money-saver, because there is no need for special tees with holes, welded tabs, or any other mounting device. Recommended for level runs using a minimum schedule 80 pipe or square or rectangular steel tubing with a minimum .250" wall.
