

KK56-7 Acute Angle Elbow Galvanized Steel 1-1/4" IPS (1.72" ID)

KK56 is an ideal fitting to use as an alternative to bending, or when a junction between a sloping pipe and an end post is required - i.e., guardrailing and staircases.

Part	Weight	A	D	E	F
56-8	3.19 lbs.	8	5.28 in.	4.41 in.	4.41 in.
