

51DB-SP/42/F Stair Post for Glass Rail - 42"H - Textured Lakeside Copper

The 42" High Floor Mount Post for glass panels is a 2-1/2" square aluminum post available in center, corner, end and stair configurations. All posts are available in textured black, white and textured lakeside copper premium powder coated finishes.

The center, corner and end posts have received brackets on them to hold the top and bottom rail in place. This allows for a solid post to panel connection.

The stair post has no brackets attached and is designed to work with any of the post end brackets, post vertical swivel brackets or post horizontal swivel brackets.

- * Contemporary round top design
- * No exposed welds and no exposed cuts
- * Heavy duty construction
- * Easy to install for homeowners
- * Virtually maintenance free
