CR6905

SPEC-SHEET

CR6905 5 FT Standard 1/4" Cable Rail Assembly for Metal Posts

1/4" Standard Assemblies are for very high traffic, high wear commercial projects or for railing designs where the "look" of a larger cable is desired. Recommended for metal railing frames only.

Each assembly includes the selected length of 1/4" diameter type 316 stainless steel cable with one pre-attached Threaded Terminal fitting, one Quick-Connect® SS fitting, two stainless steel Flat Washers (or two nylon Flat Washers for metal posts) and one stainless steel Snug-Grip® washer nut.

End caps are not included and have to be ordered separately, they are sold as a single item, individually.

The Standard 6900 Series assemblies have a shorter Threaded Terminal (4-1/4" long) for attaching to slender metal posts.
