# KK30-6

**SPEC-SHEET**

## KK30-6 30 to 45 degree Adjustable Cross Galvanized Steel 1" IPS (1.38" ID)

Designed as an alternative to the KK28 fitting, this adjustable fitting can be used for railing on staircases between the midrail and an intermediate upright which is required to remain vertical. It may be used at any selected angle between 30° and 45°.

| Part | Weight | A | D |
|---|---|---|---|
| **30-6** | 1.41 lbs. | 6 | 5.75 in. |
| **30-7** | 2.13 lbs. | 7 | 7.01 in. |
| **30-8** | 2.86 lbs. | 8 | 8.5 in. |
