KK327-8

SPEC-SHEET

KK327-8 Three Socket Custom Tee Galvanized Steel 1-1/2" IPS (1.94" ID)

Replaces the discontinued type KK27, it is used on Safety Railing with slopes between 11º–30º and fixes the top rail to a vertical intermediate upright. Unlike the type 27 these components are ex-stock and do not require machining.

Part	Part Name	Weight	A	D	E
