

20-541/2 Steel Flange w/ Steel Insert for 2" Tubing

The 20-541/2 flange and insert set is made of cast iron and steel and is designed to mate with 2" round tube (item A120). The flange has four holes for mounting hardware and a large threaded hole in the middle that mates with the threaded end of the insert.

The most common use from this flange/insert set is as an inner support for vertical railing posts.

Use together with decorative canopies (540) and 2" x 0.05" tube (A120).

Concrete anchor bolt, item# QS-247, sold separately.
