51-550M/36

SPEC-SHEET

51-550M/36 38" Aluminum Surface Mount Kit for 4"x4" Post Sleeves

All Sheerline® products are manufactured to the highest standard, and our **All Purpose Aluminum Surface Mount Posts are no exception.** Heavy gauge aluminum runs the full length of our 4" vinyl post sleeves and newel posts. Available in kits, which include all necessary hardware for mounting posts to wood or concrete surfaces. Perhaps the easiest surface mount post around to install. No need to pre-drill the posts in order to attach the brackets.

Available at heights of 38" (for 38" post sleeves) and 44"(for 48" post sleeves).

All hardware for wood and concrete mounting included

2" x 2" heavy gauge aluminum

Welded base flange

Includes 2 spacers per post.

Includes all necessary hardware for mounting posts to wood or concrete surfaces
