ARCHITECTURAL & INDUSTRIAL RAILINGS

49-A111U

SPEC-SHEET

49-A111U SPECIAL ORDER: 1-1/2 OD" x 0.59" Channel Tubing - 316 Grade Satin (Brushed) Stainless Steel

49-A111U architectural round channel tube is available in stainless steel, has a 1-1/2" outside diameter, a 0.059" wall thickness, and is available in stock lengths up to 16 feet.

This tube is commonly used as a cap rail (top rail) on glass and the sections have no visible seam and are suitable for bending.

Hardware Included:
No hardware is included with this item.

Material Care:
Maintain a linear brushed (satin) finish with a non-abrasive cleaner. Apply with a soft, damp cloth.

Shipping:
Lengths up to 8 feet can ship by UPS.
Lengths longer than 8 feet ship by LTL freight (truck).

The shipping cost for items 8 feet (96 inches) and over is notably higher because of freight carrier surcharges. To avoid this additional expense we ask that you consider ordering a shorter length, if possible. We can provide custom cut lengths just below 8 feet. Contact us for details.

Call toll free at 877-810-4116 to talk to a specialist about your specific application.
