CA-WLT1/8-1

SPEC-SHEET

CA-WLT1/8-1 Level Tensioner Fitting for 1/8" Cable on Wood

CA-WLT1/8-1 is a tensioning cable fitting for level railing that is designed to mount onto a wood post. It is made of weather resistant 316 grade stainless steel and is designed to hold 1/8" thick cable. This fitting is made in the USA.

Flex Fitting Features

- Easy to install.
- No swaging needed. Just push the end of the cable into the fitting and let it lock into place.
- Sleek and smooth, no sharp edges.
- Fittings attach to end posts only; cable passes straight through all intermediate posts for maximum visibility.

Use with:
Item# CR018, 1/8" stainless steel cable
Item# CA-WLN1/8-1, level non-tensioning fitting

Clean with stainless steel cleaner and protectant, item# CAE-ZCleankIT.

Consult local building codes for cable spacing and other requirements.
