

54-CS508/42/F/E Square 42" H Floor End Post for 1/8" or 3/16" Cable - Aluminum Orbital Brushed Finish

These CS508 prefabricated posts are 2" square posts, 42" high for cable rail and are made of aluminum. They include pre-drilled holes, a welded flange, and necks on the top and the bottom to fit with rectangular tube 2" x 1". Cable kits are available in both 1/8" and 3/16" thickness.

All posts have a 1/4" wall thickness.

- Cable Rail installation with directional changes must not exceed 40 feet or 2 Corners.
- Straight installation of Cable Rail can extend up to a maximum of 50 feet. Consult with one of our railing specialists for longer lengths.
- Floor mounting bolts are NOT included.

Maximum center-to-center bracket spacing is 4 feet.

Material Care: Clean with a non-abrasive metal cleaner. Apply with a soft, damp cloth.

Consult local building codes for rail height, wall offset and other requirements.
